

VOTE FOR IMSHAAD NAAZ

CSES BIOMED-ELEC REP

About Me

I'm in my fourth year of BME (coop) with experiences in both academic and industrial field of biomedical & electrical engineering. I enjoy working with tech that make healthcare more accessible for everyone and I would love to return as a Program rep for CSES and advocate for more opportunities for students in this stream! I love to paint in my spare time and I own a very sick collection of hot wheels.

Previous

- CSES Bio-elec Rep (23-24)
- EWB Fairtrade Director
- WIE Ambassador
- CUBES Second Year Rep
- and more...

My Platform

- Advocate for academic concerns raised in the program
- Broaden the scope of career opportunities for biomed students
- Communicate students' suggestions for course and program structure to the faculty
- MERCH!!!

**VOTING PERIOD:
March 10-14**
